Winnie Sue,
We've had
lots of fun this
year, and although
I just met you this
year I certainly love
enjoyed being in your classes.
Remember those literary questions
I tackled every day we would
together?! And I made a C+ on
literature so I suppose they were right.
I sincerely hope you will be in all my
classes next year. Best of luck!

FOREWORD

THE theme of the 1939 HICKORY LOG is suggested by the great progress made by the City of Hickory during its nearly seventy years of incorporation. The Cultural, Educational, Municipal, and Industrial development of the city are all discussed in summary to show that Hickory has progressed into a well-rounded municipality.

The purpose of this annual is to present a retrospect of all major student activities of the past year, in order that memories of school life may be kept alive, and that the friendships made at Hickory High School may be preserved.

It is our desire that for all this year book will bring about happy reminiscences of tradition, comradeship, and coöperation.

—THE EDITOR.

DEDICATION

TO

MISS MARY VIRGINIA COX

IN APPRECIATION FOR HER
ACTIVE INTEREST IN THE SENIOR
CLASS, AND FOR HER FAITHFUL
GUIDANCE IN THE CLASSROOM,
WE, THE CLASS OF 1939,
RESPECTFULLY DEDICATE THIS
ANNUAL.

THE HICKORY TAVERN, focus point of the early history of Hickory, was probably built about 1840 on land acquired at a foreclosure sale on May 8, 1798.

When the Western North Carolina Railroad extended its facilities to the Hickory Tavern Station about 1859, this land was sold to progressive men who had the vision to foresee that the central location and the salubrious climate of this site might make it the locale of a future city.

After repeated efforts at incorporation the coveted charter was finally granted in 1870. With a population of 1,695 the newly created town of Hickory Tavern, nucleus of the present city of Hickory, started upon its upward course, a path which it has steadily followed since.

The time has come for the Senior Class to reminisce its joyous high school days. There have been many trying times, but now we have reached the top.

We have our wonderful and coöperative school faculty to thank for our good store of knowledge and our ability to face obstacles. Anytime that we were in trouble our teachers were ready to help us. They supported our plays, sports, and clubs, helped to make all school activities a success and prepared us to face life in the future. We express our heartiest thanks to the entire school faculty which has served so faithfully and untiringly in the past.

HICKORY has always been fully alive to the value of educational opportunities. Here, as elsewhere in the South, private schools flourished until supplanted by the public school system. Today, the city system, ranking with the best in North Carolina, comprises eleven school buildings which house 4500 pupils. Hickory High School stands upon land donated for that purpose by the trustees of the now defunct Claremont College. In 1891 Lenoir College, now known as Lenoir Rhyne, began the great work in the field of higher education which has proved to be of inestimable value to Hickory. Unselfish devotion of her citizens to the advancement of education has brought the city rich returns.

CLASSES

SCHOOL SONG

Hail! All hail to Hickory High School,
And to her colors true,
We will evermore be loyal,
For we're proud of you.
And we'll sing a song of gladness,
Name thy glories o'er,
Hail! All hail to Hickory High School,
For evermore.

CHORUS

Then wave her colors ever,
Furl her standard never,
Raise it high and proudly cry,
"We're Hickory High School girls and boys forever."
Our songs and praises swell,
Let's all join hands and give a yell,
For we'll fight with a vim that is dead sure to win,
For old Hickory High!

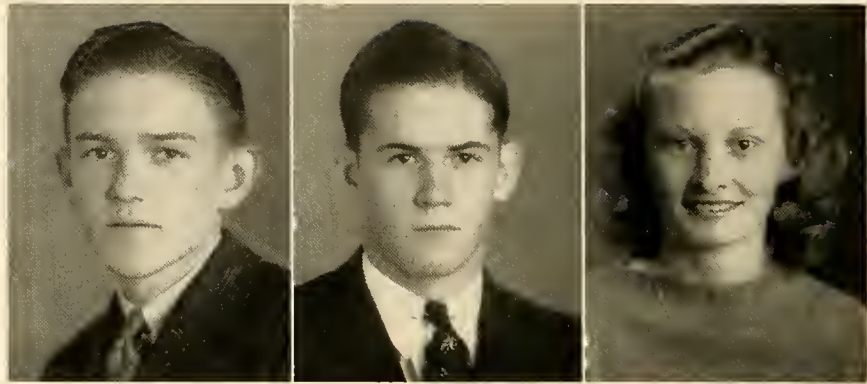

Lift the chorus, speed it onward,
Loud thy praises sing,
As thy noble sons and daughters
Make the welkin ring.
Arm in arm we'll stand together,
Thy honor we'll uphold.
Hail! All hail to Hickory High School
And the Garnet and the Gold.

JOSEPH LONG MURPHY, D.D.

No citizen of Hickory has been more dedicated to the cause of education than was Dr. J. L. Murphy, who for many years served as President of Claremont College. He was also Secretary of the City School Board for several years. His great devotion to the educational needs of Hickory was a challenge to its citizens.

SENIOR CLASS HISTORY

As we look back over the history we have made for ourselves and contrast the actual happenings with what our blissful dreams were as freshmen, we can readily see the great difference between anticipation and realization. But now as seniors we are nearer to earth than ever and realize that our life is just about to begin.

During the first year at Hickory High we set out to get knowledge with as little work as possible. But very soon we learned we would have to begin to study if we were to make the grade. As this freshman year passed slowly by, we gradually became accustomed to our new surrounding and looked forward to greater activities.

On entering into our sophomore year, we were sorry to find that many of our classmates were left behind. But we were a care-free group, without the troubles of freshmen or the responsibilities of juniors or seniors.

During our third year we took a large part in athletics and other activities open to us. We really began to work in earnest this year and with a great amount of coöperation a most successful Junior-Senior Party was staged. As they made their way out of the gymnasium the rising seniors looked forward to just such an occasion next year, and the departing seniors regretted that this was their last.

We entered our senior year with mixed emotions of joy and sadness. We were sorry that all those who began with us had not remained with us; but we seniors who began in 1935, together with a few who have entered our ranks in our second and third years, began to put forth a very strenuous effort to complete our work in the most commendable way. Under the leadership of Miss Perry, adviser, and Robert Moss, editor-in-chief, the Class of '39 expects to have the best LOG ever published.

We are certainly indebted to our superintendent, principal, and to their staff of teachers. May the seeds of advice and instruction that they have so generously sought to plant bear fruits of which they will be proud.

WILLIAM PARKS, *Historian.*

JOHN J. GEORGE, JR.

Spanish Club 3; Ten O'Clock Literary Society 3; Chemistry Club 4; Globe Trotters Club 4.

Beneath her reserve, there are found in Marcelle unsuspected qualities. She has a personality as pleasing as her appearance. She's a good all-round student.

ERNEST KIRBY

Carefree Vernon is one of the few fortunate individuals who are able to bring cars to school, and this is one of the reasons his popularity has grown by leaps and bounds. Vernon's motorcycle, however, is a little bard on pants.

DRUSILLA HOBBS

Sweet and friendly are two words which fit Louise. She certainly is a good student!

Nolan is the boy with the "far away look in his eyes," and he always seems preoccupied with thoughts far from the little red school house.

MARTHA LEE HUFFMAN

Senior Business Club 4.

Martha is a very likeable girl. Her sincerity wins her many friends.

BILLY MCGINNIS

Globe Trotters 4.

This quiet Senior girl, with her many admirable traits, has won the respect and liking of her classmates.

THERMAN MILAN

Latin Club 2; Ye Olde English Literary Club 3; Senior Business Club 4; Chemistry Club 4.

Therman's most outstanding characteristic is his bulging muscles (remember "The Village Blacksmith") which should eventually land him a job as a strong man in the circus.

Blanche, with her shining red hair and her happy carefree manner, has added much to our school life.

Globe Trotters 4.

Mabel, the twin with the beautiful black hair, is an asset to the Senior Class.

LESTER MILLER

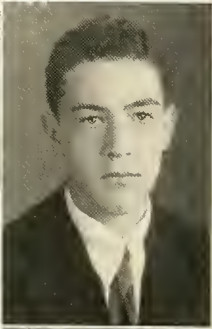

Latin Club 2; Ye Olde English Literary Society 3.

MADGE KERLEY

Globe Trotters 4; Student Council Representative 3.

Madge with her sweet and friendly smile is a dependable girl. No one could desire a truer friend.

It's sometimes almost exasperating to have a certain Junior boy completely monopolize such a sweet girl as Dorothy.

SENIOR CLASS PROPHECY

With an air of complete concentration I fixed my eyes upon a large cauliflower. Anna, the maid, was rushing about as madly as I was. Now for the carrots—"Oh, bother these salesmen my husband is always bringing home for dinner." This was the third one in the same week. Now that he was president and sole owner of the "Lackey Motor Company," dealers in Chrysler Products, exclusively, he had to stand in well with all of his salesmen. This time it was to be the company lawyer.

A whistle blew; the lunch-bell for the school children pealed forth. Junior! I had almost forgotten him in my hurry. I must fly! Thank goodness Little Peggy was spending the day with her grandmother! At that moment Junior rushed in.

"Mommy, I'm in a hurry. We're going to play—"

Just then the door-bell rang.

"Oh, heavens!" I cried. "Answer it, Junior, and tell them Mother isn't in."

In a few minutes he came back into the room and handed me a card. I glanced hastily at it and read "Mr. Henry R. Huggins—Piano Tuner." Surely it couldn't be my classmate at Hickory High. I rushed hastily to the door. There he stood, the same old Henry, grown slightly grayed at the temples, and quite dignified. When we called Huggins Music Store, we had no idea it was *he*.

"How wonderful!" I exclaimed. "Now we can have a regular reunion. You must have dinner with us."

Without much persuasion he accepted and as I finished my chores in the kitchen, he set to peckin' away on the notes.

Of course lunch was late. It was nearly half-past one when Vernon finally came home.

As I walked into the dining room, I could hardly believe my eyes. This tall, distinguished gentleman surely couldn't be our high school Senior Class president; and yet my husband introduced him as H. G. Stephens, lawyer and representative of the "Stephens, Steelman and Stanley" law firm.

This was indeed a surprise! No sooner had we seated ourselves at the table than we started to discuss all our chums in high school.

"Well, Margaret," Vernon said, "Stephens has just been telling me that he, Steelman and Stanley still haven't found the 'right little women' to make them happy."

"That's right," Grady answered, "but there's still hope for Steelman. He has as his private secretary Daisy Dean Hines.

"Our offices in Chicago are on the same floor with the noted Chicago surgeon, Dr. Wilson M. (Bill) Wagner, who has as his assistant, Tom Pruitt. The pretty office nurse is Miss Gloria McCall."

"What!" I exclaimed. "Miss!"

"You see," Grady explained, "after her divorce she took her maiden name again. Oh, yes, and in the same building are Pearl Franklin, Dorothy Warlick, and Janie Frye, who are waitresses in the hotel dining room."

"Only this morning," Henry spoke this time, "Dorothy Merritt, now New York's most famous interior decorator, dropped in to select pianos for her new houses. With her was Hilda Flowers, now Mrs. Tom Pruitt, Jr., the ideal doctor's wife. She is visiting Dorothy at her flat in Manhattan."

As the dinner progressed, we chatted more and more of our school chums.

"There were fireworks this week in Hollywood over the sensational producers of the year, B. C. Cannon, Jr. and Henry Sharpe. The trouble was that they couldn't get their best pictures to pass those stern movie censors, Scott Whitener, Harold Yoder, and Max Hollar. One of their current productions is now on Broadway starring Bobbie Shell Hardin and Leland Glenn. In the supporting cast are Fred Harris, Bill McGinnis, and Ronda Buchanan, world-famous comedians.

"Also holding much interest to the nation are the exploits of Scientist Joe R. Greene, who is attempting to find another particle in the atom. Assisting him in this undertaking are William Parks, Raymond Auten, and Sterling Carpenter. At the same time, his partner in business, Carl Witherspoon, just discovered what was wrong with the last drop of Maxwell House Coffee.

"What in the world is aviation coming to next? William P. Bolick, aeronautical engineer and designer just invented a so-called 'Sky Train.' Making the special planes for this project are Howard Fulbright, John George, and Earl Lackey, who are partners in the greatest airplane manufacturing company in the world. Albert Miller, Rance Barkley, Jack Webb, Daniel Ray Poovey, and Willard Yoder, each piloting his own plane, just landed in New York City after circling the globe in record time together.

"At this time of the year world sports are claiming our attention. Scanning the papers, I see that many of the present renowned athletes were former classmates of mine at Hickory High. Rex Watts and Arnold Frye have signed contracts to coach basketball together at the University of Chicago. Joe Whitener and Garland Paige are playing professional football for the New York Giants. Hoyt Abee, David Conklin, and Edmund Lutz have just signed contracts with big league baseball clubs for the full year of 1950. Abee and Conklin are with the Detroit Tigers, and Lutz is with the Chicago Cubs. Hal Lael is training for the United States swimming championship, which will be decided at San Francisco in 1951.

"Everette Starnes, Willard Weaver, and Wesley Rink are racing in the six-day 'bike' races at Milwaukee, Wisconsin."

Conversation turned to politics and we were reminded of one of our old schoolmates, Gerald Plaster, who is the Republican candidate for President of the United States. Backing his campaign to the limit are two strong political leaders, Jacob Whitener and Bill George.

"Honestly, I don't understand how some men can be so lucky in the stock markets. I hear that Carl Frye, Charles Whitener, and Romas Stigmon, Wall Street brokers, cleared \$50,000 in one day on their last investment."

"There's a lot of talk about the United States Navy testing, in secrecy, a new type of battleship. The ship has been designed by Lester Miller and Adrian Atwood. Secretary of Navy, Warren Canipe, has pointed out the unquestionable value of the new ship to national defense."

"The Moss-Miller University was founded by these two brilliant scholars of Hickory High School, with Helen Peeler head of the Home Economics Department, Terresa Rowe head of the Dancing Department, and Joy Abernethy, Physical Education Instructor."

"With Millard Prevette and his orchestra are E. D. Cline, trumpeter; Bob Bowles, clarinetist; and Sara Lee Gifford, pianist. With the same company are Mable Lane, Martha Lane, and Mabel Laney—the world-famous 'Laney Sisters Trio.'

"Last week the Bronx sailed with Allison Abernethy, the newly appointed ambassador to England, on board. On the same boat were two well-known explorers, Mary Lois Twisdale and Janice Stevenson, starting on their quest for the missing link."

"New York's attractive lawyer, Margaret Abernethy, has just successfully defended Eulan Johnson in a breach of promise suit in which he was sued by the charming chorus girl, Margaret Miller."

"The mannequin war on society girls continues to rage. Among the professional models are Dorcas Gilbert, Marcelle Klassett, Ruby Black, Marie Bolick, Miriam Shannon and Margaret Sherrill."

"Wait a minute," I interrupted this flow of news. "Tell me about the good old home town. Have you been back to Hickory lately, Grady?"

Grady laughed. "Yes, and you should see how the old place has changed! There is a brand new business school on Main Drag with Aline Deitz, Geneva Eckard, Louise Cline, Hazel Hahn, and Louise Good as instructors.

"Franklin Little is now president of the Mutual Building and Loan Association.

"In the Melville's old building the Kerley sisters, Madge and Mahel, are running a neat little dress shoppe.

"Peggy Sinclair and Elizabeth Smith have taken over Sinclair Beauty Shoppe.—Virginia Rhodes, Clara Murphy, Sara Jane White, and Hazel White are the assistants.

"The police force of Hickory now has Tom Morris as Chief and Everette Yount as deputy sheriff.

"Brooks and Brown, local contractors, recently got the contract for the Arcade Building, which will house the city council and the prominent lawyers of Hickory. Some members of the council are our schoolmates, Carl Day, Ray Franklin, Bill Keller, and Marsball Sigmon.

"Ernest Kirby was recently elected mayor of the city. It is rumored he will 'middle-aise' it soon with Mary Starnes.

"The *Hickory Record* has on its staff Mary Brent Ramsaur and Clara Watkins as society editors; Rachael Williams, Inez Starnes, and Ida Propst are also employed here.

"Ernestine Frye, Evelyn Day, Blanche Kanipe, Janet Howell, Margaret Hoke, Wilma Frye, Mildred Abee, Margie Denton, Suella Nance, and Mary Ellen Miller are reported as leading the domestic life in viue-covered cottages, nestling in romantic lanes and various Blue Heavens.

"In the Hickory High Faculty are those able teachers, Marcelle Hawn, Rebecca Duncan and Edna Austin.

"The local buyer for 'The Young Men's Shop' is none other than James Hart. He has recently returned from a trip to New York, where he found a blonde partner.

"Local librarians who are carrying on their work capably are Vivian Miller, Rachel Templeton, and Gordie Wyantt.

"Alda Seabock, Della Settlemyre, and Jewel Robinson are on the staff of Traiued Nurses for Johns Hopkins Hospital. Eva Mingus and Grace Winebarger are the dietitians here.

"Alice Yount, having had a very sympathetic and generous fling, founded an Old Maid's Home for Bachelors. Kathryn Wilson was given the position of Deau. The nurse attendants are Mary Frye and Irene Fincannon.

"On a recent trip to Greenwich Village, Henry Huggins told us he had visited Willie Earl Lyon, successful playwright; Martha Lentz, artist's model; Gwendolyn Candler, private tutor in foreign languages; and Janella Bivins, composer of the famous 'Tunes for Lovers.'

"William Austin is the author of the book, 'Hickory High Students Who Became Famous.' In this he tells of Nolan McDade, a great explorer who found the end of the Endless Caverns; Doris Cashion, who became the American Ambassador to Africa; Juanita Henkel and Juanita Wright, noted attorneys, by whose advice the President decided that the government should not interfere with business; June Christian, Naomi Christopher, and Virginia Adams, the brave, young aviatrixes who have been brightening the lives of the Eskimos; Paul Bolick, the daring Alpine climber; and Dorothy Pope, author of the book, 'How To Get Your Man.'

"The bright lights of Broadway seem to have attracted a great number of our class mates. In the recent 'Follies and Fancies' were the chorus girls Janie Bowman, Dorothy Coulter, Cathern Brittain, Drusilla Hobbs, Mary Poovey, Mabel Starr, and Margaret White. Director Howard Barger seemed to think Kathleen Reinhardt and Virginia Moser, both engaged to millionaire playboys, were a bad influence on the other girls.

"A prominent member of the N. C. Board of Education is Bill Miller, president. At a recent meeting of the teachers in New York City were Clifford Helton and Forrest Huffman, both coaches at prominent schools. Hazel Miller, Eunice Mise, Mary Propst, Ruth Sherrill, and Dorothy Whitener all delivered inspiring messages at the meeting.

"Wedding bells will peal soon for Louise Huffman, who sailed last year to Africa to convert the heathen, but changed her mind and said 'Yes' to the captain of the boat.

"Among the successful marriages of the class of '39 are: Louise Wakefield, now proud wife of the 'World's Heavyweight Champion'; Helen Whisnant, wedded to the Poet Laureate of America; Marie Teague and Callie Tallent, both bappy wives of 'Navy' husbands.

"Vivian Zimmerman is at last happy. She has just completed the 'Happy Home' for the orphans. Her assistants in the management are Evelyn Lipe, Lillian Lawrence and Mildred Benfield.

"Traveling with the Brake Brothers' Circus are Elizabeth Killian, dare-devil trapeze artist; Mildred Hunt and Catherine Crump, famous hare-back riders."

Dreams do come true! How glad I was that most of my former classmates at Hickory High had realized their ambitions. I sighed contentedly and glanced back at Vernon.

MARGARET MORRISON, VERNON LACKEY.

JUNIOR CLASS HISTORY

At the end of our third year in this school we students have begun to see the end of our high school career. This event has heretofore been in the far distance, but now we begin to realize that soon we must leave this second home. To some of us this may not be so sad, but most of us dread it.

Our first two years were ordinary school years, but the third year with its added responsibilities is decidedly more interesting. Our teachers have helped us over the rough spots of our high school journey. We deeply appreciate their efforts to try to force a little much-needed knowledge into our heads.

With one year left we are trying to take advantage of all the opportunities that high school has to offer. This training will give us a helping-hand on the road to our goal in life.

—JIMMY MORGAN.

SOPHOMORE CLASS HISTORY

Upon entering into our second year in high school, we Sophomores felt a feeling of relief, for no longer could we be termed ignorant Freshmen.

When we entered Hickory High in a body of about two hundred twenty-five students, our officers were: Samuel Hay, President; Vernon Gallamore, Vice-President; and Mary Frances Witherspoon, Secretary and Treasurer. Many of the Freshmen helped in the Junior-Senior Banquet and also in the Senior Ball.

This year our class of about one hundred seventy students is under the leadership of Samuel Hay, President; Charles Earp, Vice-President; and Grace Williams, Secretary and Treasurer.

JOSEPH DUCKWORTH ELLIOTT

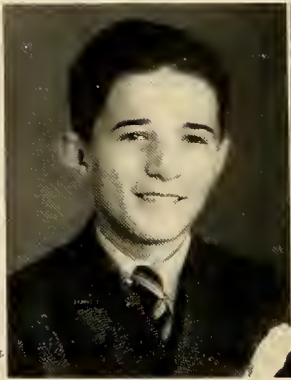

The name of J. D. Elliott is closely associated with the municipal development of Hickory. His forty years of public service have left a mark that time will not erase. He served the citizenry of Hickory for eleven terms as mayor and can truly be called a "builder of Hickory."

FRESHMAN CLASS HISTORY

In September, 1938, an ambitious, enthusiastic Freshman class entered Hickory High School. The group was formally organized when Jacob Golden was elected President; Jimmy Lee Rhyne, Vice-President; and Nancy Raby, Secretary-Treasurer.

The Freshmen, both boys and girls, are making names for themselves in athletics and in other extra-curricular activities, as well as making outstanding records in scholastic work.

With abundant school spirit, industrious application to all tasks, and hearty cooperation, this class bears promise of really fulfilling that time-worn statement: "The Best Class Ever to Graduate from Hickory High."

—NANCY RABY.

Winnie Sue,
 In our classes, which we have had together for a year, you are a gifted person and a splendid student. I hope I will see you next year. Always your friend, Elaine

UPON a broad religious concept, nurtured in the eighteen churches of the city, the citizens of Hickory have throughout the history of the city developed a cultural view of life which is in no small measure responsible for the well-balanced lives of the populace. Numerous clubs have been formed by devotees of music, drama, literature, history, and painting, who, unselfish in their cultural aspirations, have shared their enthusiasm with the general public through the medium of inspiring programs which they have sponsored. Patrons of the arts have been ever ready to lend sympathy and encouragement to gifted citizens, knowing that the cultural attainment of its inhabitants is a vital factor to any community.

Although the Student Council was organized late in the year, it has tried to attain a higher type of student government at Claremont Central. The Council is divided into two groups, the student representatives and the officers of the four classes. The student representatives consist of three members from each home room. The Student Council has undertaken the publication of its weekly mimeographed sheet, "Council Notes," and the sponsorship of the school's semi-monthly newspaper, "The Hickory Twig." If the council improves to any extent conditions in or around the school, it will have achieved its purpose.

Under the wise guidance of Mrs. Shuford, the Hickory High School Home Economics Club, with the largest membership yet, got off to a good start. After adopting a constitution which binds the club closer together, we selected a project in order to make the club useful as well as entertaining. A complete Home Economics library is our aim and ambition. Arrangements have been made to affiliate our club with the National Home Economics Clubs. This promises to be the fullest year yet for our organization.

The achievements of the Hickory High School Glee Club, since its organization in 1931 by Mrs. Vena Little Goode, its present instructor, have been such that membership in it is a privilege highly appreciated by the seniors and juniors selected, and eagerly anticipated by the freshmen and sophomores. The presentation of operettas has created an appreciation of music and dramatics, and also has helped to produce a public interest in high school activities. The Christmas carol service by the Glee Club has brought real pleasure to the people of the community, especially the artistic and unique performance given in 1937. Some of the most outstanding operettas which have been presented are "The Pennant," "The Bamboo Princess," "When Carrie Comes to College," and this year's "Blow Me Down."

The meetings are held every two weeks at the homes of various members. At each meeting a formal debate is given and is then discussed by those present. Under the able leadership of Miss Emma Fritz, faculty adviser, the Club hopes to continue its thus-far successful programs with an even greater benefit.

The purpose of the French Club this year is to familiarize the students with great Frenchmen in all fields and to acquaint them with the social customs and industrial activities of France. The club, composed of members of the second year French class, has gained much first-hand knowledge from Miss Adelaide Shuford, adviser, who studied in France last summer. Meetings are held once a month in the homes of members, at which time a study of an outstanding Frenchman is conducted by a student.

THE CITY OF HICKORY *has always had a progressive form of government. Its citizens have been actively interested in all municipal projects, and their civic pride has contributed much to the great growth of Hickory as a municipality. In 1913 Hickory became the first city in North Carolina to adopt the City Manager form of government. The rapid development that followed resulted in many beneficial projects. Among them are a library of twelve and a half thousand volumes, parks and play grounds, numerous health projects, a municipal airport, and an active Chamber of Commerce. The city fathers have in truth labored successfully to give Hickory a progressive and upright government.*

The Monogram Club, a club composed of the lettermen of the various sports and one of the most active in the school, was organized in 1935.

In 1937, since the school had decided not to have baseball because of insufficient funds, the club put on a drive and sold enough baseball season tickets to sponsor baseball. Also during that year the club gave a negro minstrel to raise money with which they had a banquet at the end of the year. At this banquet the officers for the following year were elected. In 1938 the club again sold season tickets and bought new baseball uniforms for the baseball team. Each year the initiation of new members into the club serves as one of the most colorful and enjoyable occasions of the year.

HOYT ABEE

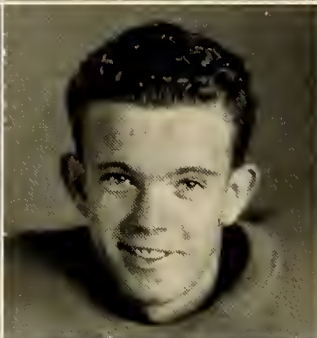

BOB BOWLES, *Center*

Bob was one of our old "stand-bys." His services at his center post will be greatly missed by next year's squad.

BEN BROOKS, *Halfback*

Ben's season was cut short by a shoulder injury, but in the short time he played, he gave his best.

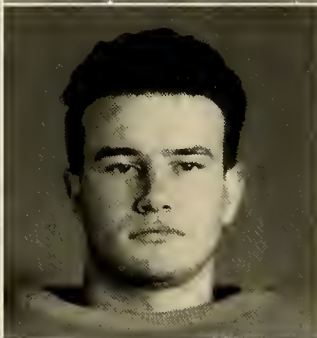

RONDA BUCHANAN, *Guard*

"Son," though small, made the Red Tornadoes sit up and take notice. His wit and humor will be sorely missed in the future.

TED CASHION, *Halfback*

"Lafferty" was a very consistent back. His services next year should help Hickory High go far.

BOBBY DOBBINS, *Fullback*

"Dobie" was the lad who did most of the passing and kicking on the team this year. He is only a Junior this year, so he will be the mainstay next year in the backfield.

JOE DONKEL, *Halfback*

Joe, who received honorable mention on the all-conference team, was a fast, hard-working back. He should shine next year.

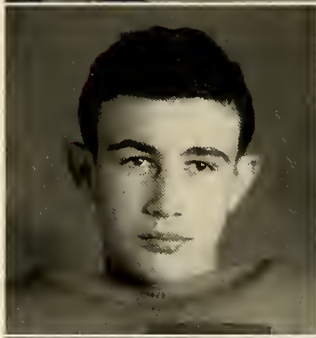

SETH FRYE, *Co-captain, Tackle*

"Punchie's" brilliant play and power have been a valuable asset to our football team for the last three years. This year he made the South Piedmont All-Star Team.

FOREST GAINES, *Fullback*

"Foch" was a hard-plunging back and a good blocker. He should be a mainstay next year.

JOHN GREGORY, *Quarterback*

"Greg" was an understudy of Dobbins this year. When passing and kicking are needed in the future, "Greg" will be there to help do it.

SAMUEL HAY, *End*

This sophomore boy has shown us that he has everything it takes to make a football player. With two more years of playing, Sammy will be among Hickory High's stars.

HAL LAEL, *End*

"Buck" was noted for his ability to break up the opponents' interference. His services will be sorely missed in the future.

EDMUND LUTZ, *Halfback*

Edmund was known for his excellent tackling and blocking. With his services, Hickory High will go far next year.

D. C. MILLER, *End*

"Puddin'" was noted for his deciphering of the opponents' plays and his ability to get down under punts. We are looking forward to some good playing from him next year.

R. L. MITCHELL, *Tackle*

"Mitch" is another of those "guys" who have played an outstanding game of football for two years. He should be a stalwart in the line next year.

TOM MORRIS, *Guard*

Tom was always on hand to do his best, whether in practice or in a game. He will be greatly missed by all.

GARLAND PAIGE, *Center*

Garland played his position well all during the season, despite his nose injury. He will be a great asset to next year's team.

TOM PRUITT, *Guard*

"Chicken" played a good game every minute of the time that he was in. His services will be sorely missed in the coming years.

MARVIN REED, *Guard*

Marvin always played hard and clean. His services will be of great benefit to the team next year.

WILLIAM STANLEY, *Guard*

"Stan" was a hard-hitting and hard-tackling guard. His shoes will be hard ones to fill.

SANFORD STEELMAN, *Tackle*

This lad, who waited until his last year to show what he could do on the gridiron, showed us that he was as good a player as he was a student. He was the only man on the squad who could play every position in the line.

H. G. STEPHENS, *Tackle*

"Grady," a reserve, didn't have many opportunities to "strut his stuff"; but when he did get his chance, he showed 'em that he had what it takes. He will be missed in the future.

BILL WAGNER, *Guard*

"Bid," a reserve guard, was always playing with all he had, and proved to us that he had what it takes.

REX WATTS, *Co-captain, End*

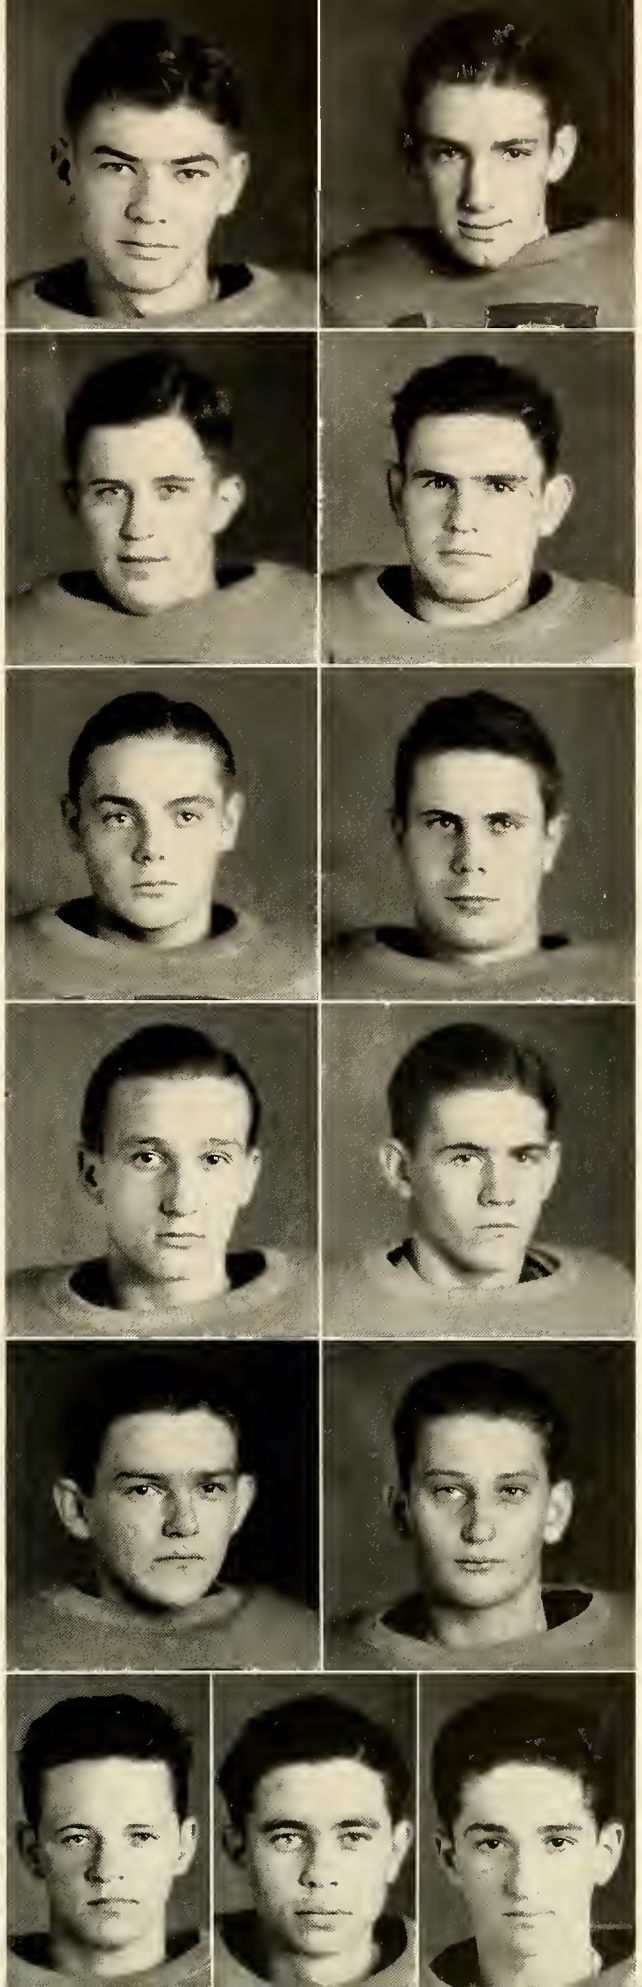

"Jesse," who was given honorable mention on the all-conference team, will be greatly missed next year. His brilliant playing has put him on the list of Hickory High's best.

JOE WHITENER, *Quarterback*

Joe found many a flaw in the opponents' line and called many a play that gave Hickory victory.

MARVIN ZERDEN, *Halfback*

"Louie," a reserve halfback, was one of the fastest men on the team. If you want proof of this, see some Spencer players.

I have enjoyed being in 4th grade with you and I hope to have many more in the future.

lots of fun, Joe Legman, Jr.

FOOTBALL

SEPTEMBER 23. HICKORY VS. SHELBY (There)

The Tornadoes trimmed the Shelby Golden Lions in a non-conference battle 18-6. Pruitt and Bowles blocked punts and Joe Whitener went across for the first touchdown while Dobbins, powerful fullback, bucked over for the second after a series of line plays and a 15 yard penalty, and again after recovering a Shelby fumble. Shelby passed 30 yards for their lone tally. Frye, Reid, Mitchell, Wagner, Dobbins, and Whitener starred for Hickory.

SEPTEMBER 30. HICKORY VS. MOORESVILLE (There)

Meeting their first conference foe, the Tornado eleven, led by Bobby Dobbins who scored two touchdowns through the line, subdued a stubborn Mooresville eleven. Frye, Steelman, Lutz, Whitener, and the entire team played stellar ball.

OCTOBER 7. HICKORY VS. STATESVILLE (Here)

On the local field, performing spectacularly, the unbeaten Hickory team swooped down on the Greyhounds and collected another victory, 12-0. After a long run by Joe Donkel, Dobbins tripped through the line on a "sneak" play for the first touchdown; Whitener raced 15 yards behind good blocking to place the ball in position for Donkel to score on a reverse for the second. Frye, Lutz, Lail, Paige, Mitchell, and Pruitt were outstanding in the line.

OCTOBER 14. HICKORY VS. LINCOLNTON (Here)

In a nip-and-tuck contest marked by uncanny passing and remarkable speed, the Tornado gridiron warriors, making 16 first downs to their opponents' 10, finished on the long end of a 7-6 score over Lincolnton. Joe Whitener, whose running was exceptional, scored in the third quarter, and Dobbins converted for the extra point and the margin of victory. Steelman, with a twenty yard run and Frye who intercepted an enemy pass and recovered a fumble started in the line. Hickory was jubilant with four straight wins!

OCTOBER 21. HICKORY VS. SPENCER (Here)

With Joe Donkel out because of injuries, Dobbins, triple-threat fullback, kicked, passed, and charged to lead the drive to triumph, 19-0. He passed 60 yards to Rex Watts on a "lay-out," then scored through a line buck. Pruitt recovered Dobbins' fumble for the extra point. After intercepting a Spencer pass from Mays, Dobbins again found "pay dirt." Forrest Gaines collected the final six points. Whitener and Lutz turned in a neat afternoon's work as did Watts, Helton, Mitchell, Paige and the entire team. Thirty-one Tornadoes saw action.

OCTOBER 28. HICKORY VS. LENOIR (Night Game)

After battling grimly on even terms with Lenoir for almost four quarters, the Hickory team reached the heights in a sensational climax as Bobby Dobbins, fullback, intercepted a Lenoir pass on their 10 yard stripe, in the final 5 seconds of play and ran for the touchdown that gave Hickory a "movie" victory. The entire team, spiked by Whitener, Dobbins, Donkel, Watts, Mitchell, Lutz, played inspired football.

NOVEMBER 4. HICKORY VS. NEWTON (Night Game)

Late in the third quarter, Cordell, Newton, blocked Dobbins' punt on Hickory's 30 and recovered behind the goal line for the touchdown that spelled the Tornadoes' first loss of the season. Over 1,000 people witnessed this hard-fought, keenly rivaled contest. Joe Donkel played his best game of the season, with Whitener, Dobbins, Frye, Watts, Pruitt, Miller, and the whole team showing up well. (Frye and Dobbins injured).

NOVEMBER 11. HICKORY VS. BARIUM SPRINGS (There)

Minus the services of Watts, Whitener, and Lutz, and with a squad of crippled players, Hickory held a mighty Barium team scoreless until the final minutes of the first half when Beshears passed the Orphans to a touchdown. In the second period three more tallies were racked up despite the game Hickory defense. Dobbins, Cashion, Pruitt, Steelman all played well.

NOVEMBER 18. HICKORY VS. KANNAPOLIS (There)

Hickory lost the chance to be runners-up in the conference but though crippled and fatigued closed a highly successful season with characteristic fight and enthusiasm. Kannapolis made nine first downs to Hickory's seven as they won 12-0.

GIRLS' AND BOYS' BASKETBALL

VICTORY INDIAN SPORTS

JOY ABERNETHY—Forward
 Captain "Happy" will be well-remembered for her ability to score and also for being one of the main-stays of the team. The position which she has filled for several years will be hard to replace.

VIRGINIA MOSER—Guard
 Her ability to play forward or guard has made versatile Virginia a most dependable player.

SARA JANE WHITE—Guard
 Sara has proved she is a success by her fighting spirit and love of fair play. She'll be greatly missed next year.

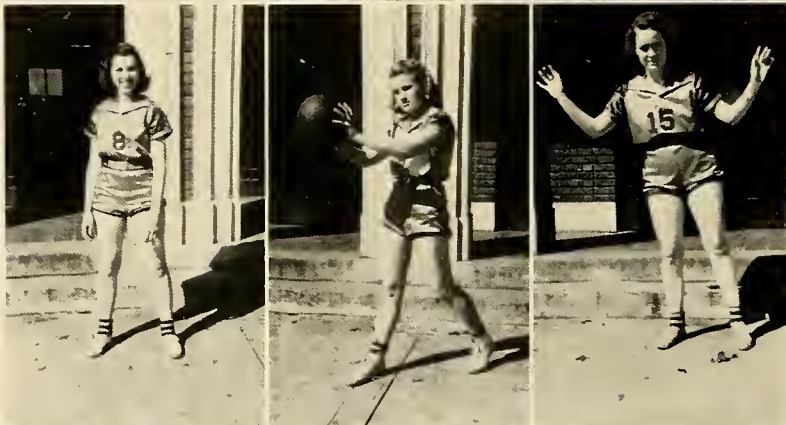

REBECCA BOLCH—Guard
 As a guard Rebecca has certainly proved her worth. Next year we are depending on you, Rebecca!

GRACE WILLIAMS—Forward
 As a sophomore "Gracie" has followed in her sisters' steps and we are expecting bigger things next year.

BETTY FOSTER—Forward
 Valuable forwards aren't found every year but one was found this year in Betty. We are expecting great things of her in the coming year.

DORIS CASHION—Forward
 Doris will be well-remembered for her ability to play clean basketball and for her good sportsmanship. She has also taught us that the success of basketball depends upon co-operation and hard work.

HAZEL MILLER—Forward
 If you want to find Hazel, look for her around the basket where she will be rolling up the score. If only we had others like her!

JUANITA HENKLE—Guard
 One of our most reliable players is Juanita, who with that "fighting and stick-to-it spirit" made a fine record on the basketball court.

LOUISE HUFFMAN—Forward
 We regret to say goodbye to Louise this year, as she has certainly taken her share of the score and will be greatly missed by her fellow players.

HELEN GUTHRIE—Forward
 Helen has shown that height plays a great part in basketball. She has another year in which to show us just how valuable she is.

MABEL LANEY—Guard
 Another glorious year added to your good record, Mabel, and congratulations to you! Mabel has upheld the "Laney" reputation in our school for being unsurpassed in spirit and co-operation.

REX WATTS—Guard

Rex, a high scoring veteran, finished a colorful three-year career on the Red Tornado hardwood this year. Rex scored 95 points during the 1939 season.

BOBBY DOBBINS—Guard

This was the first year that Dobbins has been out for basketball, but he looked like a veteran.

HOYT ABEE—Forward

Hoyt is one of the cleanest, hardest-fighting, and best all-around players that have ever played on a Hickory High court. He was second in the scoring this year with 87 points.

D. C. MILLER—Center

"Puddin'" played a good brand of ball this year, ending up third in the scoring with 73 points. His services next year will help the team greatly.

ARNOLD FRYE—Forward

Arnold, who has played two years of basketball for the Tornadoes, is noted for his one-handed shots.

SAMUEL HAY—Forward

Sammy, a Sophomore, should be one of the mainstays of the team for two more years.

JOHN HAMBY—Forward

This lad has shown us that he has plenty of ability. John should star next year.

CHARLES EARP—Guard

Earp, another Sophomore, is one of Hickory High's best prospects for the next two years.

JOHN GREGORY—Forward

"Greg," a substitute, has played good ball this year and should see plenty of action next year.

FOY LAIL—Forward

F. R., another substitute this year, should rate high next year.

GARLAND PAIGE—Guard

Garland has played only one year of basketball, but we have great hopes in him for a good player.

WADE DAVIS—Guard

Wade, another one of those excellent substitutes, will be greatly missed next year. His hard-fighting spirit has put him high in the estimation of every one.

ATHLETICS

AS A CITY of industry, Hickory has made great strides in the seventy years that she has been incorporated. Her outstanding progress in this line may be attributed to abundant water-power, a mild climate, the large capital available, good transportation facilities, and the excellent labor supply. The most prominent industries are cordage, furniture and textile manufacturing. Hickory is the largest cordage manufacturing center in the world. The invested capital of the city's seventy-five manufacturing establishments is \$12,000,000, ninety per cent of which is invested by Hickory's citizens. The annual output of these plants is valued at \$50,000,000.

COMING here at the close of so many hours of planning and work by the staff . . . any message we might add in this, our own advertisement, would savor a bit of self praise.

Yet, unseen in this example of fine book making is the day by day co-operation of our personnel, whose experience and training in the production of annuals has bridged many a pitfall for the staff.

If, as you peruse the pages of the HICKORY LOG and are impressed with their excellence, you too, would like to avail yourself of our services whether annuals or commercial printing we'd deem it a favor if you would ask us to call.

Winnie Sue,

I have certainly enjoyed knowing
you. You have been a true friend
and I will always remember you.
I will also remember the good
times we had in the seventh

D.C. I hope we will get to
go to New York or I will meet
you there. If you beat me you
write me a card and if I beat
you I will send you one.
